RE: AB 1830 (Perez) – Support

Dear Assemblymember Pérez:

DRA (Division of Ratepayer Advocates) is the independent consumer advocate within the California Public Utilities Commission (CPUC). DRA's statutory mandate is to obtain the lowest possible rate for utility service consistent with reliable and safe service levels. DRA also advocates for customer and environmental protections in connection with utility service.

DRA supports your AB 1830, which would require mobile home parks that provide water service to reimburse current and former tenants for unreasonable rates charged for inadequate service provided, as specified.

Californians deserve affordable, safe, and reliable water service. Customers pay their monthly bill with this expectation. If unjust and unreasonable service is provided at unfair monthly service rates the situation needs to be immediately addressed and customers deserve full restitution. AB 1830 would protect water customers by requiring the CPUC, after a complaint is filed and an investigation is conducted, to require mobile home parks to provide its current and former tenants with a refund for the inadequate service dating back to when the inadequate service began, with interest.

DRA supports AB 1830 and looks forward to working with you to ensure this bill is enacted into law.

If you have any questions or would like to discuss this matter further, please call DRA's Legislative Director Matthew Marcus, at (916) 327- 3455 or me at (415) 703- 2381.

Respectfully,

Joseph P. Como, Acting Director
Division of Ratepayer Advocates
